

SOCIAL & MEDICAL

Physical and psychological aid as well as social support is needed in order to enable people to take care of themselves.

EDUCATION

Education is the source of sustainable self-sufficiency, and therefore, also an important foundation for human dignity.

PROJECT EMPOWERMENT

Professional coaching and support enable initiatives to grow into successful enterprises and NGOs under the principle of help for self-help. We accompany current and future decision-makers and entrepreneurs and support them in helping others.

HELPING AND EMPOWERING PEOPLE ...

At the heart of our mission is a deep commitment to people - to offering hope, opportunity, and the tools they need to build a future of dignity and self-reliance.

We focus on individuals and communities who are marginalized and facing limited prospects. Regardless of background, circumstances, or beliefs, we stand with those in need.

We invite you to be a part of this work. Join the Nehemiah Gateway family and help us make a lasting difference.

What began in Albania in the early nineties is now a diversified social enterprise built on a solid foundation of values.

VALUES

Sustainable help for self-help can only be successful when the communication, acceptance, and implementation of core values are ensured. We follow the example of Jesus.

RESPECT
FORGIVENESS
COMPASSION
HONESTY
INTEGRITY
INSPIRATION

These are the values that help communities flourish. Guided by this foundation, we offer support by bringing people together - fostering collaboration and shared purpose that leads to real, lasting change.

THE NEHEMIAH GATEWAY TEAM

Our work began in Albania, where we continue to support individuals living in poverty, facing health challenges, or living with special needs.

Our educational and support programs - ranging from kindergarten through high school and beyond - are open to all, providing opportunities for lasting change.

Beyond Albania, we collaborate with trusted international partners who share our values and commitment. Together, we carry out our mission around the world:

Helping and empowering people to sustainably shape and determine their lives in dignity and independence.
